

Lewis and Clark Scavenger Hunt

Lewis and Clark led an expedition to the Northwest region of the United States. Learn more about their journey on the World Book Web and then find the answers to the following questions! Write your answers on notebook paper and turn in when you are finished.

Find It!

1. Who was president at the time Lewis and Clark led their expedition?
2. How many months did the expedition take?
3. Find the map of Lewis and Clark's journey. Where did they stay during the winter of 1805-1806?
4. Who did Lewis and Clark take with them on their journey to help them communicate with American Indians?
5. What is one American Indian tribe that Lewis and Clark came into contact with on their trip?

Did You Know?

- ◆ Lewis brought his dog, Seaman, with him on the expedition. He was useful because he acted as a guard dog for the group. Indians once kidnapped Seaman, but the explorers rescued him!
- ◆ Lewis and Clark encountered many dangerous animals on their trip. They came across eight foot tall grizzly bears, rattlesnakes, and herds of 3000 to 10,000 buffalo!
- ◆ Lewis and Clark kept detailed journals during the expedition. They described 180 new plants and 125 new animals that scientists hadn't known before.
